## Courage Habit

*The Courage Habit* Kate Swoboda, 2018-05-01 What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, "you can't do it." In *The Courage Habit*, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can, without conscious awareness, dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer, and if you have a sneaking suspicion that there's something in you, then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life.

**One Month of Courage** Lisa Russell, 2018-01-24 Courage comes before bravery and life gives us plenty of opportunities to be courageous. If you're feeling weak or wanting to develop your own inner courage, then this is the journal for you. One Month of Journals and Workbooks feature full-color pages with plenty of space to write down your experiences and insights. One Month of Courage has a new and different quote about courage from familiar names like Nelson Mandela and Maya Angelou. You can do anything for a month, and One Month of Workbooks take 5-10 minutes each day. When you're done and you're full of courage, pick up a copy of Wisdom, Gratitude, Confidence, or Healthy Eating. Only you know what you need, but courage is something we could all use a little more of these days. Note from the Author: I've found personal journaling to be the most effective agent of change in my life. These One Month of Journals are a project that's dear to my heart. In one month, you can make a new habit. That habit isn't journaling; you're either a journal writer or you're not. The new habit is courage. In this case, how to use this journal is pretty self-explanatory. There's a large section where you can write your appointments, memories you want to preserve, or the recipe for the amazing guacamole you had the courage to make. Whatever you want. In the right-hand column of each page is a small section for writing down both the highlights of your day and the challenge of your day. Those highlights are the happy moments you'll cling to when it feels like all is lost. Those challenges are the moments to pay attention to that's where you use your courage. You've got some, I promise. At the bottom of each page is a section where you'll plan your tomorrow. Be brave, make it a step toward your goal. Finally, each page has an inspiring quote to help you stay focused on harnessing your own courage and inner strength. My favorite is on day six: Go ahead, flip to page six. It's OK. There are 12 months in every year, so once you're done conquering courage, feel free to visit the Luckiest Girl Publishing website to find more One Month of Journals.
