**Words to Live By** James Frey,2018-05-08 In 1999 when we had our first daughter I was contemplating how I would raise my new beautiful child and I was thinking about how I can best educate her and my other children about values morals and other key thoughts about life School offers education Religion offers some values and morals Parents offer most of it sometimes intentionally sometimes accidentally So I created a Words To Live By WTLB book like a dictionary which lists concepts like honesty love persistence etc with a definition that I created with my wifes input I then turned it into a workbook with one word per page and space below for notes For years we would discuss these ideas with my two daughters and they would draw pictures and make notes in the blank space As they got older they were less inclined to draw and more open to quotes and references from adults I started sharing some of these quotes along with the Words To Live By with strangers and friends in a blog and in emails I still try to send a different one out almost every Friday hence where the title Frey Freyday came from Initially these Words To Live By were designed to help only my daughters During difficult times I found that reflecting on these concepts brought value to me and they helped me stay focused Later I shared them with both strangers and friends and they too found the Words To Live By helpful inspirational and enjoyable Some of them shared them with others and the circle kept growing more good feedback came in and people continue to encourage me I am now sharing them with you I live in the Laurel Highlands east of Pittsburgh Pennsylvania with my wife Jill and two daughters Emma and Abby We have a circle of great friends and family We enjoy time with our loved ones and friends the laughter and good times together makes life better

100 Quotes That Will Change Your Life Dr. Dylan Xavier, PhD, 2023-10-11 *100 Quotes That Will Change Your Life*. Welcome to a journey that will change your perspective, ignite your spirit, and enrich your life. Imagine waking up each day with a renewed sense of purpose, a spring in your step, and a smile on your face. Well, you've picked up the right book, *100 Quotes That Will Change Your Life*, and we're about to embark on a remarkable adventure together. At the heart of this journey is a powerful quote by Ralph Waldo Emerson that sets the tone for everything that follows: "The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well." You might be thinking, "Wait, isn't the whole point of life to be happy?" It's a question that has puzzled philosophers, thinkers, and dreamers for centuries. In a world that constantly bombards us with images of unending happiness through material possessions, fame, and fortune, Emerson's words offer a refreshing perspective. Imagine a Roller Coaster Ride of Emotions. Life is like a roller coaster with its ups and downs, twists, and turns. If the sole purpose of the ride were to be at the highest point and scream with joy all the time, it would get pretty boring, right? It's the unexpected drops and exhilarating loops that make the ride memorable. Similarly, life's purpose isn't just to be perpetually happy; it's to experience the full spectrum of emotions and learn from them. Think about the last time you helped someone without expecting anything in return. Maybe you held the elevator for a rushing coworker or offered a comforting shoulder to a friend in need. Remember that warm feeling of making a positive impact? That's what Emerson means by being useful and compassionate. It's in these small acts of kindness that we discover the real magic of life. Honor isn't about earning medals or trophies; it's about living in a way that you can look in the mirror each day and be proud of the person staring back at you. It's about doing what's right, even when no one's watching. Honoring your values and principles gives you a deep sense of self-respect and integrity. Imagine if you could leave this world knowing that you've left it better than you found it. That's the essence of having your life make a difference. Whether you're planting trees, mentoring a young mind, or simply spreading positivity, every action you take contributes to a bigger picture. In this book, we'll explore 100 quotes that touch on various aspects of life: finding purpose, facing challenges, nurturing relationships, and so much more. Each quote will be your guide, a flashlight in the dark, a spark of inspiration that can transform your everyday existence. So buckle up, my fellow readers! Get ready to delve into the wisdom of sages, philosophers, and everyday people who have walked this path before us. Through their words, we'll learn how to live not just for happiness but for a life well-lived. Let's embark on this adventure and discover the magic that happens when we shift our focus from me to we. Together, we'll uncover the secrets to a truly fulfilling life.

**Believe in Yourself Quotes** Michelle Winfrey, 2020-02-13 Believe in yourself, take on your challenges, dig deep within yourself to conquer fears. Never let anyone bring you down. You got to keep going. Don't let fear or insecurity stop you from trying new things. Below you will find our collection of inspirational, wise, and humorous old believing in yourself quotes, believing in yourself sayings, and believing in yourself proverbs collected over the years from a variety of sources. Let these inspirational quotes remind you that you have a lot to offer. Believe that you were created for a purpose. Believe in your abilities. Quotes: You've got to keep control of your time, and you can't unless you say no. You can't let people set your agenda in life. Warren Buffett: You are being yourself, unknowingly inspiring others to be themselves. Mooji: You were born God's original. Try not to become someone's copy. Marian Wright Edelman: You want to be uncommon amongst uncommon people. Period. David Goggins: You should never sacrifice what you could be for what you are. Jordan Peterson: You perform best when you don't think about it, i.e. when you are not self-conscious. This is also called being yourself. You can be yourself only when there is no inner conflict or self-division. This usually happens when you are not self-conscious when you let yourself go. You must always be prepared to place a bet on yourself on your future by heading in a direction that others seem to fear. Robert Greene: You have your way, I have my way. As for the right way, the correct way, and the only way, it does not exist. Friedrich Nietzsche: You enter the forest at the darkest point where there is no path. Where there is a way or path, it is someone else's path. You are not on your own path. If you follow someone else's way, you are not going to realize your potential. Joseph Campbell: The Hero's Journey. You create yourself moment to moment. You are not born as a fixed entity but only as an infinite potentiality. Osho: You change the world by being yourself. Yoko Ono: You can escape competition through authenticity when you realize that no one can compete with you on being you. Naval Ravikant: You can be happy with who you are and still want to be better. You can love your body and still want to improve it. You can appreciate your financial state and still want to improve it. Progress doesn't require self-loathing. You can feel successful along the way. James Clear: You are who you are when nobody's watching. Stephen Fry: You are what existence wants you to be. Just relax. Osho: You are being taught everything, but you are not being taught to be yourself. This is the ugliest form of society possible because it makes everybody miserable. Osho: Joy. The Happiness That Comes from Within. Yes, Mother, I can see you are flawed. You have not hidden it. That is your greatest gift to me. Alice Walker: Worse than fear of failure is fear of criticism. People are gonna talk, shit no matter what you do. You do nothing and you're a loser. You do something and you care too much. Just do what you want and enjoy life. Ed Latimore: Within you, there is a stillness and a sanctuary to which you can retreat at anytime and be yourself. Hermann Hesse: Siddhartha. Who you are is defined by the values you are willing to struggle for. Mark Manson: Whenever you find yourself on the side of the majority, it is time to reform or pause and reflect. Mark Twain: When you walk the walk, whether successful or not, you feel more indifferent and robust to people's opinion, freer, more real. Nassim Nicholas Taleb: When you show yourself to the world and display your talents, you naturally stir all kinds of resentment, envy, and other manifestations of insecurity. You cannot spend your life worrying about the petty feelings of others. Robert Greene: When you see a mob doing something, it should make you less likely to do it yourself, not more likely. Paul Graham.
