Python Scripts for Abaqus Gautam Puri,2011-01-01

Unholy Grails Nick Radge,2012-03-05 What s the fastest way to lose money Follow the herd Nick Radge stopped following the herd many years ago As a trader and stock broker Nick learnt to recognise what the herd were doing and how they react to financial information He also realised that it made no sense Are you one of the herd Here s a test If a stock s price is falling do you think it represents good value i e it s cheap OneTel and HIH were not cheap when they eventually delisted in 2001 ABC Learning was not cheap when it delisted in 2008 How about Bear Sterns Lehman Brothers Trump Entertainment or Kodak Billabong does not look cheap at the moment A stock price in motion tends to stay in motion Unholy Grails will show you how to be on the positive side of this statement Nick Radge is focused on momentum investing purchasing stocks that are trending up Nick shows you how to hitch a ride on stocks in an uptrend or protect your capital during sustained bear markets Unholy Grails goes against almost everything your stock broker financial planner and your fund manager will ever tell you Considering that in 2008 capital managed by fund managers dropped up to 50% we are in desperate need of an alternative way of thinking In Unholy Grails Nick Radge details a road less travelled a compilation of practical strategies for investors looking for long term gains with minimum daily effort I am shocked that so many Mum and Dad investors were financially and emotionally battered during the GFC The financial planners and fund managers they were relying on for advice gave them no advice just the same old buy and hold strategy that simply does not work in a collapsing market In Unholy Grails I define specific strategies for investors allowing them to manage their own investments and stop paying fees to financial planners and advisors said the author Nick Radge Whether investing for your retirement or using an active investment strategy to manage your personal wealth Nick Radge examines and tests numerous investment strategies to help determine the right one for you Don t expect the same old worn out advice from Nick Radge His latest book is not called Unholy Grails for nothing

Way of the Turtle: The Secret Methods that Turned Ordinary People into Legendary Traders Curtis Faith,2007-03-30 We re going to raise traders just like they raise turtles in Singapore So trading guru Richard Dennis reportedly said to his long time friend William Eckhardt nearly 25 years ago What started as a bet about whether great traders were born or made became a legendary trading experiment that until now has never been told in its entirety Way of the Turtle reveals for the first time the reasons for the success of the secretive trading system used by the group known as the Turtles Top earningTurtle Curtis Faith lays bare the entire experiment explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks Only nineteen years old at the time the youngest Turtle by far Faith traded the largest account making more than 30 million in just over four years He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than 100 million You ll discover How the Turtles made money the principles that guided their trading and the step by step methods they followed Why even though they used the same approach some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience Faith explains why the Turtle Way works in modern markets and shares hard earned wisdom on taking risks choosing your own path and learning from your mistakes
